

ATIC CPCRI KASARAGOD

Agricultural Technology Information Centre

For serving the interests of the farming community, the Indian Council of Agricultural Research established Agricultural Technology Information Centres in different institutes/State Agricultural Universities with a concept of 'single window system'.

ATIC-Objectives

- To provide a 'single window' delivery system for the products available from CPCRI to the farmers and other interested groups as a process of Innovation in Technology Dissemination at the Institute level.
- To facilitate direct access to the farmers to the institutional resources available in terms of technology, advice, technology products etc., for reducing
- To provide mechanism for feedback from the users to the Institute

<u>Planting material</u>		
Coconut seednuts	West Coast Tall/ Other Varieties	13.20
Arecanut seednut	Mohitnagar variety	3.30
	Mangala, Sumangala, Sreemangla varieties	2.75
	West Coast Tall/ Other Varieties	27.50
	Hybrids	55.00
	All released varieties	6.60
<u>Other inputs</u>	Mushroom spawn (Peurotus)	15.40
	Earthworms	0.79
	Vermicompost	5.50

	Arecanut dehusker	1300.00
	Snowball Tendernut Machine	25,000.00
	Coconut cultivars & Hybrids	20.00
	Cocoa Crop Management	20.00
	Copra Dryers	20.00
	Organic Farming Technology in Coconut	20.00
	Arecanut Crop Management	20.00
	Thengu Sasthriya Vila Paripalanam (Malayalam)	20.00
	Improved varieties and promising traditional cultivars of Arecanut	20.00
	Management of coconut gardens	20.00
	Mixed cropping of black pepper in coconut and arecanut gardens	44.00
	Coconut Embryo Culture	55.00
	Treatise on palmyrah	99.00
	Plant Pathology Research at CPCRI	110.00
	Coconut Descriptor Part - 1	165.00
	Cocoa	165.00
	Arecanut	250.00
	Arecanut Yellow Leaf Disease	165.00
	Value addition to weather data - Advisory service to Farmers	250.00
		110.00
	e Manual for Coconut Cultivation	

	Integrated Pest Management in coconut		110.00
	Arecanut Cultivation		110.00
	Cocoa Crop Management		110.00
	CPCRI – An overview		110.00
	Coconut Descriptors Part - II		300.00
	Integrated Disease Management in coconut		110.00
	Vermicomposting		110.00
	Coconut chips & Snow Ball Tendernut		300.00
	Integrated pests & disease management in coconut		500.00
	CPCRI – at a glance		110.00
	Coconut cultivation technology	For each Cassette	50.00
	Arecanut cultivation technology		
	Cocoa cultivation technology		
	Integrated pest and disease management in arecanut	For each CD	30.00

For planting material, registration could be done through out the year at ATIC, CPCRI, Kasaragod or write to the Director, CPCRI, Kasaragod; Online registration is also possible
